Difficulty :

Pieces :

Age :

Duration :

~5 min

1

Start with the sheep's body. Line up 12 Kapla planks vertically, pressed tightly against one another, to form a large rectangle lying down.

2

Now lay 4 planks horizontally over the body: two right at the top for the back, and two right at the bottom for the belly. They hold all the vertical planks together.

3

Stand 4 planks under the belly to make the sheep's legs. Then add 1 tilted plank at the back of the body for the tail.

4

On the left-hand side of the back, stand 2 planks to make the sides of the head. On top of them, add 2 planks lying flat to close the head off.

5

To finish, add 2 planks tilted upwards, right at the top of the head, to make the ears. And there you go, your Kapla sheep is done!

BRAVO!
